SIR,

In continuation of my letter No. ~~585~~ 585+/33 of the 22nd November 1894, ~~to the Chief Secretary~~, submitting a scheme for the revision of the strength and pay of the Police, I have the Honor to forward herewith Copy of letter No. 1167 of the 15th June 1895 from the Deputy Commissioner, Gúmkúr, urging that the Special Reserve Force at Gúmkúr should be placed on the same footing as regards pay as the Special Reserve at Bangalore, Mysore and Shimoga.

2. The Gúmkúr Special Reserve was formed in the middle of June 1891 by withdrawing men from the Taluk Police, ~~in connection with~~ the district, which had then recently occurred at Gubbi. The Constables are all picked men from the District Police, the strength of the Force being 1 first class Jemedar, 1 second class Duffedar and 30 Constables. They are supplied with the same kind of uniform as the Bangalore and Mysore Special Reserves.

3. In my recent tour of inspection in the Gúmkúr District, I reviewed the men at Drill and found them to be quite as efficient and as well drilled as the Bangalore Special Reserve. They are a useful body of men and are available for duty on occasions of emergency, such as a serious breach of the public peace or threatened depredations by dacoit gangs from across the border.

4.

4. The present pay of the men is Rs. 6 and 7 respectively, being the same as the pay of the Constables of the District Police, whereas the Special Reserve men at Bangalore, Mysore and Shimoga get Rs. 9 and 10. The Deputy Commissioner recommends that the Sunkúr men may be placed on the same footing in point of pay as the other Special Reserve Forces, their places in the Taluk Police being filled up.

5. I have already sent up proposals for the formation of a Special Reserve Force to be located at Chitaldroog and to be available for duty in that and the Sunkúr Districts (vide para 8 of the revision Scheme submitted with letter No. 1585 of 133 of the 22nd November 1894 quoted in the margin). I think there will be no necessity to consider the proposals now made by the Deputy Commissioner, Sunkúr, if the original proposal submitted by me is sanctioned by Government. I would therefore request the favor of early orders thereon.

Para 8. The Sunkúr and Chitaldroog Districts each want a Special Reserve Force. I would recommend the formation of only one Reserve to be located at Chitaldroog and to be available for duty in that and the Sunkúr Districts. The strength may be as follows:—

1	Inspector on	Rs. 40 + 12.
1	Drill Sergeant on	Rs. 15/-
6	Constables at Rs. 10 each	Rs. 60/-
24	do 9 each	Rs. 216/-
32		Total Rs. 343

I

The Inspector General of Police
in Mysore

Sir,

With reference to the last para of the Inspection Memo of the Jumkun District Police No. 7 by the Inspector General of Police dated the 16th April last, I have the honor to state that the Jumkun Special Reserve Force consisting of one 1st class Jemadar, one 2nd class Daffedar and 30 Constables was formed in the middle of June 1891 on account of riots which had then recently occurred at Sabli. The Constables are all picked men withdrawn from the allotted strength of the District Force, and the vacancies thus caused have not as yet been filled up in the Talukas.

6. The Inspector General of Police in his memo of Inspection says that "the men are quite as efficient and well drilled as the Special Reserve in Bangalore. I quite agree that they are at present very badly paid."

7. Under the above circumstances I beg to propose the following scale of pay for the Reserve Force:-

1. Sub Inspector on Rs 30 + 12 horse allowance
1. Sergeant on Rs 15/-
10. First class Constables on Rs 10/- each
20 Second class constables on Rs 9/- each.

The aggregate cost of the Force would amount to Rs 337/- per mensem. This will undoubtedly induce men of good physique and character to join the Force.

8. I may here add that these men are not only simply drilled and kept at Head quarters, but they are generally detailed on special work, such as quelling riots, patrolling jungles when Dacoities are committed, escorting prisoners to jail and various Courts and are sent

on

on detective duty also. On special occasions they are, whenever ordered by the Inspector General of Police, sent to assist the Bangalore and Mysore Special Reserve Force in keeping order on occasions like the Dasara when large crowds collect.

2. A reference was made to the Inspector General's office, Vide this office No. 38 dated the 9th June 1892, and from that time the men have been supplied with uniforms similar to those worn by the Bangalore Special Force.

3. The men at present draw their pay according to their rank in Talukas viz: 1st class Jemadar Khan Bahadur Rs 20+8, 2nd class Daffedar Rs 11/, First class Constable Rs 7/, 2nd class Constable Rs 6/. From this it will be seen that their status and pay remain the same as when they were in their Talukas.

4. The Bangalore, Shimoga and Mysore Special Reserve men are formed into two classes of Constables, the 1st class drawing Rs 10/ and the Second class Rs 9/ and they are officered by Special Reserve Police Inspectors drawing higher salaries.

5. The men of this Special Reserve Force were trained and drilled by Jemadar Khan Mohamed

4. I request that early sanction may be accorded for disbursing the pay of the Force as noted in the margin at the rates obtaining for the other Reserves. June 1891.

GOVERNMENT OF MYSORE

6. The proposal involves restoring 30 constables to the several stations and Sub stations and raising the pay of the men forming the Reserve as proposed in para 4. The usefulness of having an efficient and well drilled corps like the Special Reserve can be gauged by the marked absence of dacoities and other violent crimes in the Tumkur District with its exposed frontier and with famine and unrest prevalent in the adjoining British Districts over the greater part of the past and previous years. The Tumkur District had its share of immigrants from the Anantapur and Bellary Districts driven by distress and the singular immunity the District has enjoyed especially when its

past history in crime is remembered can be traced to the preventive and precautionary measures lately adopted prominent among which is the presence of this efficient body of Policemen.

Lunkur District

Lunkur 18th January 1897.

To.

The Inspector General of Police
in Mysore

Sir,

I have the honor to submit the following proposals for the formation of a Special Reserve Police Force in this District.

2. The Riot which occurred at Gubbi in 1891 argued the necessity for the maintenance of a Reserve Police Force at the Head Quarters of the District, ready for duty on emergent occasions. The nucleus of such a force was, with the permission of the then Inspector General of Police, formed immediately after the Gubbi riot by selecting strong and able bodied, constables from each Taluk and placing them under a Jamadar for a regular course of training in [illegible] at this place in the regular

Taluk Force not having been filled up, they continue to be borne on that establishment. This arrangement has crippled the strength of the Taluk Police to a considerable extent.

The District of Sunkur was once noted for dacoities and highway robberies and from 1877 to 1885 was subject to the depredations of organized bands of dacoits from Her Majesty's Territories. With favorable seasons, crime decreased to a considerable extent. In the present year however, the existence of distress in the neighbouring British Districts, the consequent increase in the prices of food grains and the unseasonable and deficient rainfall in the frontier Taluks of the District have created an incentive to crime. There is every indication of people migrating from Her Majesty's Territories into our Province in search of food and it is not unlikely that some of

them would be impelled by want to lead a criminal life. The movements of these people have to be carefully watched. To meet these requirements, the Taluk Police requires to be strengthened and I would therefore beg to be permitted to fill up immediately the places of the men who have been selected to serve on the Special Reserve establishment.

4. This proposal does not in any way dispense with the necessity for the maintenance of a separate or Special Reserve Force at the District Head Quarters. As observed in your letter to Government No. 4032[x] - 354 dated 15th June 1895, the Special Reserve men who must be well drilled and disciplined will be ready to act in any emergency, such as border raids, serious rioting, or extraordinary breach of the public peace. The frontier of the District has to be

carefully guarded. The existence of factions in almost every village is a standing menace to the public peace. Riots are not uncommon. One striking feature of the abnormal increase of prices of food grains in November last was the tendency on the part of the merchants to withhold from sale the grain in their possession which naturally roused riotous susceptibilities in the poor working people who had no stock of grain to fall back upon. The numerous large Jatharas which are held annually in this District demand special measures of Police protection for the safe preservation of life and property. To be ready for duty on such emergent occasions, a special Reserve Force is indispensable. The men who now form such a force have acquitted themselves most creditably on all the occasions on which they have been

employed in Mysore, Bangalore, Malavalli and Sirangapatam during the Dasara, the visits of distinguished personages and the apprehended disturbance of the public peace. They carried away some of the valuable prizes at the recent Police sports at Bangalore. Their present efficiency is due in a great measure to the exertions of the Jamadar Khan Mahamed who has taken great pains to bring them to their present standard.

5. Under these circumstances, I would strongly recommend that Sanction be accorded to the maintenance of the Special Reserve Force at Lunkur on the same scale as regards pay as at Bangalore, Shimoga and Mysore. The proposed strength of the force and its cost are

shewn below.

1 Inspector on Rs 40+12 = Rs 52
1 Sergeant on Rs 15+5 = 20
10 Constables 1st class at Rs 10 each = 100
20 Constables 2nd class at Rs 9 each = 180
Total Rupees per mensem 352

The present Reserve Force consists of one Jamadar, one Daffedar and thirty constables so that no increase in the strength is proposed.

6. The Taluk Police requires further strengthening to meet the requirements of municipal towns where night-patrolling has devolved on the Police, the inhabitants thereof having been exempted from this work under Government Proceedings № 1354-62/22 * dated 27th May 1890 and to establish

* S№ 21 in L.F.H. 267993

a complete and satisfactory system of beats, along the British frontier villages, where the number of ukkads and outposts has also to be increased. On this subject, I shall address you separately.

Extract from the diary of the Assistant Superintendent of Police Tumkur District for the week ending 3rd July 1897.

"The Constables of the Special Reserve are very much dispirited since their return from the malnad. They have now realised the arduous nature of the work that they may be called upon, and since their pay is the same as that of the Constables of the District Force, they are applying to me to send them out into the Taluks for duty. Service in the Taluks has its own advantages. The cost of living there is not so high as at the Head Quarters. Besides, where there are lines, they get free lodging. At present they are very often called to Mysore and Bangalore for

for special duty and every call means a drain upon their poor purse, for the batta of 1½ annas per diem they receive when out on duty is not sufficient even for the purchase of one meal. Each time they go to Bangalore or Mysore, they take an advance, which is recovered from their pay. Since February last they say they have not received in any month their full pay.

× × × ×

× × × ×

× × × ×

× × × ×

× × × In this respect the Special Reserve of Mysore are much better off, as they are not so often told off for duty out of their district as our men. The proposal of the Deputy Commissioner for the increase of pay to the Constables of the Special Reserve

Reserve and for filling up the vacancies caused by their withdrawal from the District Force, I believe, has not as yet received the sanction of the Government. Till then a special allowance at least should be sanctioned for the men."
